ANTI-BULLYING CODE

The REFSPECT anti-bullying code aims to remove negative behaviour directed at officials, participants or other spectators.

Any negative or inappropriate behaviour, verbal tone or gesture towards the playing space will be deemed as bullying and all incidents will be reported to the Head Teacher of the relevant school.

**Adults and Children MUST NOT
question or approach the
official/sports leader at any time.**

Please talk to the MSSP staff if you witness any positive or negative occurrences during the event. We welcome constructive feedback regarding our events and endeavour to develop our young officials in a safe and supportive manner.
